

CO₂ Component Description

A UTC Fire & Security Company

Pressure Operated Switch, Explosion Proof

Effective: February 2007

K-81-5190

P/N: 981332

MATERIALS

BASE: MALLEABLE IRON

OPERATING HEAD: CAST BRONZE

NOTES:

1. Toggle switch may be mounted in base for either N.O. to N.C. or N.C. to N.O. contact transfer upon operation. Illustration shows position of toggle when switch is in set position.
2. Any load connection to the switch must not exceed the switch rating, and shall utilize a suitable protection device (i.e., circuit breaker, fuse).
3. Remove operating head to make electrical connections to toggle switch. When replacing operating head, ensure that toggle engages clutch, and tighten cover screws securely.
